

Circular to IIT/Medical Foundation Batch Parents- Pon Vidyashram

Dear parents,

Greetings from IITian's CONCEPTREE Learning. We wholeheartedly appreciate your support in welcoming this important initiative undertaken by Pon Vidyashram Group of Schools. We look forward to your continuous support in achieving our common goal i.e. academic excellence of your ward in curriculum based as well as competitive examinations.

We would like to highlight the various stages of academic learning objectives that our programs would target during the course of next academic year.

1. **Knowledge:** Recall/regurgitate facts. Exhibiting previously learned material by recalling facts, terms, basic concepts and solutions.
2. **Comprehension:** To show understanding, finding information from the text. This includes classifying, describing, recognizing and summarizing facts and ideas
3. **Application:** To use a new situation. Solving problems by applying acquiring knowledge, facts, techniques and rules in a different way
4. **Analysis:** To examine in detail. Examining and breaking information into parts by identifying motives or causes; making inferences and finding evidence to support generalizations
5. **Synthesis:** To change/ create into something new. Compiling information together in a different way by combining elements in a new pattern or proposing alternative solutions.
6. **Evaluation:** To justify. Presenting and defending opinions by making judgements about information, validity of ideas or quality of work based on a set of self-imposed criteria

Progress of students towards these objectives to be assessed on a chapter basis to enable swift intervention while the assessment cycle would resume uninterrupted. The assessment will be done in different forms to meet the various objectives we have set forth for our program. You would receive further information regarding the CONCEPTREE Methodology in subsequent circulars.

We understand your aspiration to give the best possible academic support for your ward, and from CONCEPTREE team we assure our full commitment to ensure that our students will scale greater heights through their achievements.

Regards

Kamal Kumar
Director Academics,
CONCEPTREE Learning
